

Celebrating Our 65th Anniversary

Three generations of dedication at your service.

With over 65 years experience in custom home building, we've perfected the art of crafting a home to fit your unique lifestyle. A commitment to service. Exceptional craftsmanship from top to bottom. Loyal and lasting supplier and contractor relationships. Those are just a few hallmarks of a Detrie Builders, Inc. custom home. Our mission is simple: We will transform your dream home into a reality.

Building relationships.

We see our clients as true partners in the building process. Our commitment to customer care has not only earned us a name in the construction industry, but it has also generated a high level of customer satisfaction. We take great pride in creating and maintaining close relationships with the people we serve.

Built for life. Built for families.

Known for our smart, sophisticated style, we create, build and finish each of our thoughtfully designed homes with precise care and total commitment. We understand a home needs to be comfortable, livable and personal to the family who inhabits it. That's why we're focused on our client's needs and wants, bringing our own inventive ideas into the process and not accepting anything less than perfection.
